PRESIDENT

## University Certification

To Whom It May Concern:

Thank you for your organization's interest in C Tech's Earth Volumetric Studio software. The purpose of this letter is to receive certification from you that your organization qualifies for C Tech's university (educational) discount program.

Our university discount program is intended to make our software affordable to organizations whose primary function is the education and graduation of students. The program specifically excludes federal or state government agencies that are managed or operated by universities, but whose primary function is other than education. An example of an unqualified organization would be a U.S. Dept. of Energy laboratories that was run by a university.

In order to process your order, please complete and sign this certification and return it to C Tech by fax and mail. If the criterion on this certification does not apply to your organization, the purchase order will need to be amended to reflect the list price.

The undersigned certifies the following to be true:

1. Customer represents an organization whose **primary function** is the **education and graduation of students**.
2. The license(s) purchased from C Tech or its distributors will primarily be used in classrooms as part of formal classes. Within 6 months of delivery, and every year before renewal, Customer will email sales@ctech.com a URL (or other proof) showing a class description which references C Tech's software.
3. Customer acknowledges that the University license(s) may not be renewed by C Tech if item 2 is not provided.
4. Customer acknowledges that the University license(s) may not be used by, sold to, or transferred to any other organization.
5. The undersigned certifies that they are empowered by the Customer's organization to bind it on contractual issues.
6. Customer acknowledges that they are a registered user at [www.ctech.com](http://www.ctech.com)
